

# CLAM BAKE

CATERING WITH IMPACT

## Chill and Grill

Imagine guests arriving to a white frame tent with the smell of charcoal and hickory wood burning. Their mouths watering as their meal is cooked to order. The dinner bell rings and for the next two hours everyone, from the early bird to the last straggler, dines on hot-off-the-grill food and cold side dishes.

Enjoy a burger, have fun in the sun, and return for seconds to your hearts delight. The inflatable moonwalk, fresh popped popcorn and hand spun cotton candy provide family fun for both young and old.

Feel the satisfaction of watching your guests leave with a big smile on their face, saying "I can't wait to see what they do for a Holiday Party!"

### All-You-Can-Eat Barbecues

Famous for our "All-You-Can-Eat" barbecues, Boston Café & Catering is the caterer for summer outings. Cooked on site with homemade marinades, sauces and dry rubs on custom grills, guests help themselves to a "cooked just for you" barbecue. With a chef on-site, hot food remains hot and cold food remains cold. From start to finish, your guests quickly receive an excellent meal.

### Old Fashioned Clam Bakes

Traditionally steamed lobsters with mussels and clams create an authentic New England experience. Lobster pots, traps, bibs and crackers add to the atmosphere. Rest assured your festivity will look the part and be a success.

### Themed Events

Our BBQ experts can tailor a menu to accommodate any theme or request from a Carnival to a Hawaiian Luau. We can also assist in locating and selecting venues throughout the Greater Boston area. Ask how we can supplement your outing with additional services like amusements, design decor, entertainment and more. It's "soup to nuts" or "burgers to lobsters" with absolutely no worries.

### Ice Cream Socials

Cool off or take a break from work with our "Make Your Own Ice Cream Sundaes" The perfect way to celebrate summer. Looking for something a little more "Grown-Up?" A Mexican Fiesta complete with cervezas and margaritas is sure to take off any edge.
